Message from the President

Dear University of Houston Graduates,

Congratulations on achieving this remarkable achievement. Today's graduation marks the start of a bright new beginning. Your longtime dream becomes a reality, and I join your family and friends in celebrating this milestone with you.

As you reflect on this moment, take pride in knowing it was your hard work, intellect, perseverance and belief in yourself that got you here. Equally important was the unwavering support of those around you. These values and connections have shaped who you are today and will propel you forward in your professional journey.

As you move ahead, remember the power of paying it forward. Be a mentor to someone else who dreams of achieving what you have. Moreover, remember to express gratitude to your professors, advisors, family and friends who supported you along the way.

The Tier One education you've received at UH has provided you with the tools to thrive. This is the home of nationally top-ranked academic programs, world-renowned faculty, an NCAA Final Four basketball team, cutting-edge research and industry leaders. I have no doubt that you will join the ranks of the many successful alumni who have come before you.

Congratulations, Coogs! The world is yours.

With warm regards,

A handwritten signature in black ink that reads 'Renu Khator'. The signature is written in a cursive, slightly informal style.

Renu Khator
President, University of Houston

Message from the Provost

Dear Spring Graduates,

You've traveled a long road to reach this moment, but here you are! Congratulations on earning a degree from the University of Houston.

Whether you're the first in your family to graduate from college or perhaps a second-generation Cougar, today's ceremony marks a significant moment in your lives. It's also special for the University of Houston as your success has been our priority since you first stepped foot on campus.

Now, you embark on new journeys. Some of you may be entering the workforce. Others may be headed to graduate school. No matter your destination, please remember those who helped you get to this point.

Stay in touch with peers, professors and staff members and remind them that their guidance supported your academic journeys. Also, thank your spouses, siblings, parents, grandparents and others in attendance today for their daily inspiration.

Of course, be sure to truly recognize the one person responsible for today's celebration—you! You balanced classes, work, family and other obligations. It wasn't easy, but you did it. Now, you are poised to reap the rewards of a degree from UH.

Although you are leaving this wonderful campus, you will remain a member of our University family. You now carry the proud tradition of past UH graduates and will represent our institution in your professional endeavors. Be proud of your time here, and let others know that you are now and forever a Cougar.

Once again, congratulations!

Sincerely,

A handwritten signature in black ink, appearing to read 'Diane Z. Chase', with a long, sweeping horizontal line extending to the right.

University of Houston History

The University of Houston was established as the Houston Junior College in 1927. As the college grew, it prospered and officially became the four-year University of Houston in 1934. Two years later, the college attained land for a permanent campus, and in 1939 it constructed its first building, the Roy G. Cullen Building. The University became a state institution in 1963.

The University includes 14 academic colleges, one school, and the multidisciplinary Honors College that teach a wide array of subjects – from math, arts and engineering to law, pharmacy and business. What started as a campus with a single building has grown into a world-class university, offering 285 undergraduate and graduate programs to more than 47,000 students annually.

UH is a Carnegie-designated Tier One public research university, and its public service and community activities, such as cultural offerings, clinical services, policy studies and small business initiatives, serve a diverse metropolitan population. Likewise, the resources of the Gulf Coast Region complement and enrich the University's academic programs, providing students with professional expertise, practical experience and career opportunities.

In keeping with the University's commitment to excellence, UH raised the benchmark of academic achievement when Phi Beta Kappa, the nation's oldest and most prestigious academic honor society, awarded UH the approval to start a chapter. This designation welcomed UH to an elite group of the nation's most esteemed colleges and universities.

Commencement Traditions

Academic costumes of today have a history of nearly eight centuries. In medieval Europe, all townspeople wore long flowing robes and gowns. The materials and colors were governed by royal decree. Gradually, distinctive gowns were developed for the various professions, trades and guilds. Scholars wore robes and hoods to protect their shaved heads. Later, skullcaps were worn on the head, and the hoods became a cape that could be pulled over the head during unpleasant weather.

As additional universities were founded, distinctive forms of the gown and hood were adapted by their faculties for bachelor's (apprentices of the arts), master's (teachers) and doctoral (teachers who had completed postgraduate studies). When caps and hats came into fashion in the 15th century, the hoods became ornamental, draped over the shoulders and down the back.

The academic hat was first worn as a symbol of the master's degree and existed in various forms. The mortarboard style comes to us from Oxford University. When academic costumes came to America in 1754, styles were quite varied. In Europe, they still are; however, in our country, usage has been standardized by the Intercollegiate Code of Academic Costume.

Ceremonial Symbols

THE SEAL

Throughout history, seals have been used to authenticate official documents. The University of Houston and UH System seals both bear the Official Seal of Arms of General Sam Houston, as handed down to him from his noble ancestors. It includes the escutcheon in the center of the seal — consisting of checkered chevrons denoting nobility — and three martlets, gentle lowland birds that symbolize peace and deliverance. A winged hourglass is placed above the shield. Surmounting this is the motto “In Tempore,” meaning “In Time.” The greyhounds indicate speed of giving aid. The UH seal was first adopted in 1938 as the present campus was established. Although the look of the seal has evolved over the years, the first version was etched into the floor of the Roy G. Cullen Building.

UNIVERSITY MACE

The University Mace, which is carried in academic processions, is a staff symbolizing the University’s authority and unity. The tradition of the academic mace began in the late 14th century when two ancient instruments, the royal scepter and the battle mace, were combined to form a university president’s symbol of authority.

THE ALMA MATER

All hail to thee,
 Our Houston University.
 Our hearts fill with gladness
 When we think of thee.
 We’ll always adore thee
 Dear old varsity.
 And to thy memory cherished,
 True we’ll ever be.

Words and music by Harmony Class of 1942

Honorary Degree

NATHAN FOWLER, M.D.

Dr. Nathan Fowler, a distinguished alumnus, is considered one of the world's foremost experts in drug development for blood cancers. As chief medical officer for BostonGene, Fowler provides strategic direction to the biomedical software company, empowering it to advance precision medicine therapies for cancer patients. The award-winning company uses AI-powered solutions to provide clinicians with actionable insights, support personalized therapy decisions, expedite drug development and improve patient outcomes.

Prior to joining BostonGene, Fowler was a professor of medicine and director of the clinical investigational and translational research program in the Lymphoma and Myeloma department at the University of Texas MD Anderson Cancer Center. At MD Anderson, Fowler focused on developing groundbreaking new therapies for cancer patients, which led to FDA approval of several novel therapeutic agents in lymphoma. In addition, he led the development of one of the first combination immunotherapy regimens for untreated lymphomas and is the primary investigator for the ongoing international phase III study with the combination.

A profound researcher, Fowler has published over 175 articles in peer-reviewed journals, numerous textbooks on innovative approaches to cancer therapy and is a sought-after speaker for high-profile conferences. He graduated cum laude from the University of Houston with a bachelor's degree in biology and a minor in Spanish in 1996, earned his medical degree from the University of Texas Medical Branch at Galveston in 2001, where he also completed his residency, and received fellowship training in hematology/oncology at both Georgetown University Hospital and MD Anderson.

Most impressive is Fowler's rich history of service and community engagement. As a student at UH, he volunteered to teach officers Spanish at the Houston Police Department. His fluency in Spanish — supported by his undergraduate minor — has become a vital asset in his medical practice, allowing him to communicate directly with Spanish-speaking patients, enabling more personal, effective care. Prior to his work in medicine, he served in the U.S. Army as a nuclear, biological and chemical defense specialist. Moreover, Fowler is the founder and president of the Halo House Foundation, a Houston-based nonprofit organization providing affordable housing to blood cancer patients receiving medical treatment. His nonprofit — which charges patients only \$20 per night for fully furnished apartments — has provided over 9,000 days of housing to hundreds of families.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

Photo by Louise Kugelberg

Honorary Degree

JULIAN SCHNABEL

A prolific and groundbreaking artist, Julian Schnabel is a world-renowned painter whose multidisciplinary work spans sculpture, architecture, furniture and film. Widely regarded as one of the most influential American artists of the last 40 years, Schnabel rose to prominence as a leading figure in the neo-Expressionist movement in the 1980s. He later became a celebrated filmmaker and continues to excel in both fields today.

An accomplished alumnus of the University of Houston, Schnabel earned his Bachelor of Fine Arts degree in 1973. He later became the first UH graduate to be honored with a solo exhibition at the University's Blaffer Art Museum.

His first major exhibition was a group of paintings at the Museum of Contemporary Art, Houston, in 1976. By the late 1970s, he was exhibiting at some of New York's most prestigious galleries, including Mary Boone and the legendary Leo Castelli Gallery. The strength of Schnabel's work lay in his use of preexisting materials not traditionally used in art making, varied painting surfaces and inventive modes of construction — breaking artistic norms of the time. His unorthodox approach helped revive painting in the United States and beyond during a period largely characterized by conceptual art and minimalism.

In the 1990s, Schnabel expanded into filmmaking, directing and writing "Basquiat" — a critically acclaimed film about the famed artist Jean-Michel Basquiat and New York's 1980s art scene. To date, he has directed six major films, including the acclaimed "Before Night Falls", which earned Javier Bardem an Academy Award nomination for his breakout role. His 2007 film "The Diving Bell and the Butterfly" was nominated for four Academy Awards, including Best Director, and earned Schnabel the Best Director Award at the Cannes Film Festival.

Schnabel's paintings are housed in some of the most prestigious museums in the world, including the Metropolitan Museum of Art; the Museum of Modern Art, New York; the Whitney Museum of American Art, New York; the Museum of Contemporary Art, Los Angeles; the Reina Sofia in Madrid; the Tate Modern in London; and the Centre Georges Pompidou in Paris. A true visionary, Schnabel transformed the language of painting and paved the way for new generations of artists.

The Doctor of Humane Letters degrees, honoris causa, given for exemplary service to the University of Houston or society at large, is the highest honor UH can bestow.

CONRAD N.

FOUNDATION

President’s Medallion

CONRAD N. HILTON FOUNDATION

The Conrad N. Hilton Foundation, established in 1944 by hotel magnate and philanthropist Conrad N. Hilton, has long championed initiatives that alleviate human suffering and foster global goodwill. Hilton’s profound belief in the transformative power of hospitality led to a significant milestone in 1969 when he donated \$1.5 million to the University of Houston to establish the Conrad N. Hilton College of Hotel and Restaurant Management — the first hospitality school in Texas. This foundational gift laid the groundwork for what has

evolved into the Conrad N. Hilton College of Global Hospitality Leadership, a premier institution in hospitality education.

Over the decades, the Hilton Foundation’s unwavering support has been instrumental in the college’s growth and success. The foundation has contributed substantially to the college by funding critical infrastructure, innovative programs, scholarships and strategic initiatives. Notably, in 2021, amidst the challenges posed by the COVID-19 pandemic, the foundation bestowed a \$10 million unrestricted endowment to aid the college in navigating the crisis and continuing its mission of cultivating future hospitality leaders.

The endowment has provided critical operational and student support, including student scholarships, research funding, professional development training, library materials, equipment acquisition, staff and clerical support, and other key areas that enrich and enhance the college.

The foundation’s commitment extends beyond financial contributions. It also provides strategic guidance to grow the world’s only hospitality program where students work and take classes in an internationally branded, full-service Hilton hotel, which is also operated by the college. In addition, the Hilton company has hired thousands of Hilton College graduates who work in Hilton hotels around the world. Their enduring support has helped students — many of whom are the first in their family to attend college — become leaders in the hospitality industry.

Today, the Conrad N. Hilton College of Global Hospitality Leadership is revered globally as one of the best in hospitality education and research thanks to the enduring support of the Hilton Foundation. Since its founding, the foundation has awarded more than \$3.6 billion in grants, bringing hope, healing and transformative change to thousands worldwide. A profoundly benevolent organization, each year the Hilton Foundation awards a multimillion-dollar prize to a nonprofit leading effort to alleviate human suffering — the world’s largest annual humanitarian award.

The President’s Medallion is awarded at the sole discretion of the President to individuals and organizations that have distinguished themselves by their support of the University of Houston and the community.

Hewlett Packard Enterprise

President's Medallion

HEWLETT PACKARD ENTERPRISE

Hewlett Packard Enterprise (HPE) is a Fortune 100, global edge-to-cloud company advancing the way people live and work.

Headquartered in the Greater Houston region, HPE helps organizations connect, protect, analyze and act on data and applications, to turn insights into meaningful outcomes to thrive in today's complex world.

Named one of the World's Most Ethical Companies by Ethisphere, HPE is dedicated to offering IT solutions that help their customers and partners achieve their social impact commitments. In 2018, HPE made a transformative \$10 million gift to the University of Houston's Data Science Institute as part of a game-changing collaboration to increase innovation. The gift also funded a scholarship endowment and high-performing computing equipment to enhance data science research activities across all UH colleges. In addition, funding supports education programs for K-12 students, as well as UH students, faculty and staff.

In honor of their gift and extensive contributions, the institute was renamed the Hewlett Packard Enterprise Data Science Institute, which has become a central hub for data science education and interdisciplinary research at UH. The institute has expanded educational opportunities by offering micro-credentials and certificate programs in data analytics, artificial intelligence, high-performance computing and related fields, that are critical in today's industries. Students benefit from hands-on experiences, industry workshops and mentorship from HPE professionals who serve as lecturers and collaborators on real-world projects. This integration of academic and industry expertise ensures that graduates are well-prepared to meet the demands of a data-driven workforce.

Furthermore, the institute actively engages with the broader community by developing programs for middle and high school students, aiming to strengthen the STEM pipeline through project-based learning initiatives. These efforts help build a diverse and skilled workforce equipped to tackle future technological challenges.

Moreover, the partnership has enhanced UH's capacity to deploy data science tools to address major societal challenges in the health care, energy and smart materials sectors, among others. The enhanced computational power has enabled researchers to conduct advanced analyses and simulations that have transformed disaster response, advanced breast cancer detection and improved the diagnosis of lupus-related kidney disease.

By fostering education, research and community engagement, the partnership has positioned UH as a leader in data science and innovation, benefiting the University, Greater Houston, Texas and beyond.

The President's Medallion is awarded at the sole discretion of the President to individuals and organizations that have distinguished themselves by their support of the University of Houston and the community.

College of Optometry
UNIVERSITY OF HOUSTON

Message from the Dean

Dear Graduates,

It feels like a short time ago that we celebrated your arrival and welcomed you at orientation. That time was full of excitement and anticipation about what the future would hold. And here we are today, celebrating the conclusion of your training, your academic achievements, and your transformation to a doctor of optometry. This is more than a milestone, it is also a moment to pause and reflect on your journey and all that you have experienced along the way: challenges, growth, and your potential now manifest. You have earned the title that will be bestowed on you today and we are so proud to have you among us as graduates of this prestigious program.

As a graduate of the University of Houston College of Optometry, you are now a part of a select group of graduates who are among the best trained eye care providers in the world. You are also now part of a community of more than 5,000 colleagues who share a common bond shaped by the values of this university, this college, and this profession. Your experiences have created opportunities to grow, develop persistence, and learn resilience. Now you will put those traits and your new skills to work! As you step into what's next, whether it's continuing your education or beginning your career—know that you take with you more than a degree. You carry the spirit of this college, the strength of your peers, and lessons that will serve you for a lifetime.

Today, as you celebrate, I encourage you to also reflect on what you have achieved. You have grown in knowledge, but also in confidence, compassion, and character. Remember those who were with you who inspired your success. Show gratitude for where you now stand; not one of us would be here without the support of others. Go forward and embrace future challenges with confidence, knowing that regardless of where life leads, you are well prepared to succeed. Finally, know that you are now part of a greater community that supports you and celebrates your success. We are proud to have you as our alum!

Congratulations, and Go Coogs!

Michael D. Twa, O.D., Ph.D., F.A.A.O.

Dean and Professor Humana Endowed Dean's Chair in Optometry

Congratulatory message from FERV

Congratulations to our 2025 graduates – our new optometric colleagues! Since 1952, the college of optometry’s foundation, Foundation for Education and Research in Vision (FERV), has been a part of your journey since the very first day of your optometric career by providing scholarships, emergency loans, educational events, student research support, awards, recognitions, and more.

The college’s foundation works with alumni, friends, and donors to establish and grow scholarships for our students while also enhancing research and innovation at the college through financial support. The foundation is dedicated to improving the quality of life for the communities we serve by providing vital funds that support community health initiatives and other health programs that directly impact students and their education.

Our journey will continue together as you embark on life-long learning through UHCO’s continuing education and alumni social events. We know as you become successful practitioners you will help future students through your contributions to FERV.

We encourage you to support the optometric profession just as the profession has supported you.

Moes Nasser, O.D. '82
President
Foundation for Education and Research in Vision

2025 Distinguished Alumnus

Abraham Bromberg, B.Opt, O.D., M.Sc. ('80), FAAO

DR. ABRAHAM BROMBERG received his Bachelor of Optometry with honors from the Escuela Superior de Medicina at the National Polytechnic Institute (Instituto Politécnico Nacional, IPN) in 1967, his OD from the University of California, Berkeley School of Optometry in 1969, and his

Master of Science in Physiological Optics from the University of Houston College of Optometry in 1980.

Dr. Bromberg began his academic career as a professor of optometry and physiological optics at Instituto Politécnico Nacional (IPN) in 1970, later serving as Director of Optometry, where he led significant curriculum reforms, expanded the program from three to four years, and established the institution's optometry clinic. He also taught low vision at the National Autonomous University of Mexico (UNAM) and, in 2016, was appointed by the President of UNAM to establish a new school of optometry in León, Mexico.

Dr. Bromberg has been instrumental in shaping optometric education and professional advocacy in Mexico. He co-founded and served as President of the College of Optometrists of Mexico City and the Mexican Association of Faculties, Schools, and Councils (AMFECCO). He currently leads Consejo Optometría México, a nonprofit organization dedicated to promoting optometry and continuing education.

Dr. Bromberg was the author and driving force behind the legislative bill that recognized and regulated optometry as a licensed profession in Mexico, which was unanimously approved by both the Chamber of Deputies (2013) and the Senate (2015) before being signed into law by the President of Mexico.

An accomplished author, Dr. Bromberg has written four books on optometry, including *Visión Baja* and *Historia de la Optometría en México*.

Dr. Bromberg is a Fellow of the American Academy of Optometry and holds memberships with both the American Optometric Association and the World Council of Optometry. His many honors include the 2021 Essilor Award for Outstanding International Contributions to Optometry from the American Academy of Optometry, the 2023 Alumnus of the Year award and induction into the Optometry Hall of Fame at UC Berkeley, a 2025 commendation from the Senate of Mexico for his efforts in advancing optometry as a regulated profession, and most recently, the prestigious International Optometrist Award from the World Council of Optometry, in recognition of his extraordinary contributions and commitment to the development of the profession of optometry and vision care globally.

<i>Summa Cum Laude</i>	Jason Porter <i>Chair of the Faculty and Associate Professor</i>
<i>Magna Cum Laude</i>	
GOLD KEY INTERNATIONAL MEMBERSHIPS	Ralph Herring <i>Assistant Dean for Professional Studies and Clinical Professor</i>
BETA SIGMA KAPPA SILVER MEDAL AWARD	Moriah Chandler <i>Clinical Assistant Professor</i>

University of Houston
College of Optometry

Commencement Ceremony
Saturday, May 10, 2025, 2:00 p.m.
Cullen Performance Hall

PRESENTATION AND HOODING OF THE CANDIDATES	Dean Twa
PRESENTATION OF CANDIDATES FOR MASTER OF SCIENCE IN PHYSIOLOGICAL OPTICS DEGREE	Laura J. Frishman <i>Associate Dean for Graduate Studies and Research John and Rebecca Moores Professor</i>
PRESENTATION OF CANDIDATES FOR DOCTOR OF PHILOSOPHY IN PHYSIOLOGICAL OPTICS DEGREE	Associate Dean Frishman
PRESENTATION OF OPTOMETRY RESIDENTS AND FELLOW	Beth Harper <i>Director of Residency Programs and Clinical Associate Professor</i>
PRESENTATION OF CANDIDATES FOR DOCTOR OF OPTOMETRY DEGREE	David Berntsen <i>Chair of Clinical Sciences and Associate Professor Golden-Golden Professor of Optometry</i>
ANNOUNCEMENT OF CANDIDATES FOR DOCTOR OF OPTOMETRY DEGREE	Kimberly Lambreghts <i>Associate Dean for Professional Studies and Clinical Professor</i>
HOODING OF CANDIDATES	Anita Ticak <i>Clinical Professor</i>
	Nimesh Patel <i>Associate Professor</i>
	Kathryn T. Keyzer <i>Professor of Practice</i>
	Maria Walker <i>Assistant Professor</i>
PRESENTATION OF DIPLOMAS	Dean Twa Associate Professor Berntsen
CONFERRAL OF DEGREES	Provost Chase
ADMINISTRATION OF THE OPTOMETRIC OATH	Beth Robinson, O.D. '12 <i>President, Texas Optometric Association</i>
CLOSING REMARKS	Dean Twa
ALMA MATER	Moores School of Music
RECESSIONAL	"War March of the Priests" <i>By Felix Mendelssohn</i>
RECEPTION TO FOLLOW	Health I Building <i>Doctors of Texas State Optical Alumni Education Center</i>

College of Optometry Commencement Committee

Renee Armacost	Elissa Guerra	Chaminga Lorensuhewa
Lauren Brown	Victoria Hackney	Michele Luman
Lee Dempsey	Inez Hutchinson	Lorellye Macomber
Wendy Evans	Amanda Johnson	Daniel Miller
Chris Green	Cristian Loayza	Lyle Tate

Doctors of Optometry are:

Doctors of optometry are the frontline healthcare profession in the defense against vision loss and blindness in the United States. Today, there are more than 30,000 licensed doctors of optometry nationwide and more than 5,000 in the state of Texas. Optometry's essential role in healthcare continues to grow. In 1987, doctors of optometry were recognized as physicians under Medicare. Since then, the optometric scope of practice has grown to include diagnosing and treating many of the most common health conditions affecting the eye, vision, and neurological system. Optometrists are licensed to prescribe medications to treat eye diseases including infections, glaucoma, dry eyes, and other conditions. In more than a dozen states, doctors of optometry are now licensed to perform surgical procedures for the eye and surrounding tissues. While optometrists continue to be the primary providers of vision care, including glasses and contact lenses, many also pursue post-graduate residency training to provide specialty services in low vision rehabilitation, vision therapy, pediatrics and more. Optometrists continue to be an essential part of our health care system and frequently work closely with family practitioners, internists, pediatricians, neurologists, diabetic care teams, and other health professionals to coordinate patient care across the health system.

Optometry at the University of Houston:

Our graduates have completed a 4-year undergraduate degree prior to admission to the college of optometry. They are trained for an additional four years (3,216 hours of lectures and laboratories) in applied biomedical sciences, optics, social sciences, public health, advanced human anatomy, physiology, neurosciences, systemic and ocular pathology, general and ocular pharmacology, injections, suturing, ocular laser procedures, and clinical care.

Our students have completed more than 500 eye and health examinations in general eye and vision care clinics at the University of Houston Eye Institute and in specialty clinics including: perioperative services, pediatrics, low vision, contact lenses, and community health services.

Graduates complete approximately 1,200 additional eye and vision care experiences during two 16-week externship rotations at vision and health care centers nationwide. These external training centers include private practices, military hospitals, Indian Health Hospitals, community health centers, surgical centers, Veterans Administration Hospitals, and multidisciplinary vision care centers located around the country.

Spring 2025 – Candidates for Graduation

Candidates' names are followed by their hometowns; undergraduate institutions, and if applicable, graduate institutions.

MASTER OF SCIENCE IN PHYSIOLOGICAL OPTICS

Jackson Christopher Dolce
Port Neches, TX

B.B.A., Lamar University

THESIS: The Effect of Pupil Size on Visual Performance in Multifocal Contact Lenses

Matthew Marinus Keyzer

League City, TX

B.A., University of Oklahoma

B.S., University of Oklahoma

THESIS: Following Ocular Changes in United States Optometry Students (FOCUS): Protocol Development and Baseline Data

Christian Alexander Lopez

Houston, TX

B.S., University of Texas at Dallas

THESIS: The Ocular and Systemic Effects of Oral Caffeine

Luis Ramirez

Austin, TX

B.S., Southwestern University

THESIS: The Role of Hyaluronan in the Maintenance of Progenitor Cells in the Murine Lacrimal Gland

Adam Ross

Los Angeles, CA

B.S., University of California at Los Angeles

THESIS: Influence of Body Position and Time of Day on Ocular Rhythms

Alexis Lee Temple

Beckley, WV

B.S., West Virginia University

THESIS: Effects of Two Weeks of Red Light Therapy on Choroidal Thickness and Axial Length in Young Adults

DOCTOR OF PHILOSOPHY IN PHYSIOLOGICAL OPTICS

Chloe Degre Kendrick

Syracuse, NY

B.S., State University of New York at Geneseo

M.S., University of Rochester

DISSERTATION: Optical Blur and Neural Anisotropy in the Peripheral Visual Fields

Varsha Venkata Srinivasan

Chennai, India

B.S., Elite School of Optometry, India

DISSERTATION: Estimating Retinal Ganglion Cell Content with Widefield OCT and Perimetry in Non- Human Primates

Christopher Suchuan Wu

Andover, MA

B.S., University of Massachusetts, Amherst

O.D., Massachusetts College of Pharmacy and Health Sciences

DISSERTATION: Spatial Characteristics of Chromatic Visual Processing Mechanisms

Residents

Candidates' names are followed by their graduate institutions and University of Houston College of Optometry residency program information.

Shabistan Asrar, O.D.

O.D., University of Houston College of Optometry

RESIDENCY: Ocular Disease at the Cedar Springs Eye Clinic

My-Lynn Dang, O.D.

O.D., University of Houston College of Optometry

RESIDENCY: Primary Care/Ocular Disease at the Michael E. DeBakey VA Medical Center

Michael Flores, O.D.

O.D., Midwestern University Arizona College of Optometry

RESIDENCY: Primary Care at The Vision Center of West Phoenix

Mihret Girum, O.D.

O.D., University of California Berkeley School of Optometry

RESIDENCY: Brain Injury Vision Rehabilitation at the University Eye Institute

Jacky Ho, O.D.

O.D., Marshall B. Ketchum University Southern California College of Optometry

RESIDENCY: Pediatric Optometry at the University Eye Institute

Joslynn Ho, O.D.

O.D., Marshall B. Ketchum University Southern California College of Optometry

RESIDENCY: Ocular Disease at the University Eye Institute

Nikkie Keeya, O.D.

O.D., University of Houston College of Optometry

RESIDENCY: Low Vision Rehabilitation at the University Eye Institute

Jack LaMoine, O.D.

O.D., Pacific University College of Optometry

RESIDENCY: Ocular Disease/ Refractive and Ocular Surgery at Omni Eye Specialists of Colorado

Biviana Lie, O.D.

O.D., Marshall B. Ketchum University Southern California College of Optometry

RESIDENCY: Cornea and Contact Lens at the University Eye Institute

Kushufnoor Niazi, O.D.

O.D., University of Houston College of Optometry

RESIDENCY: Primary Care/Ocular Disease at the Michael E. DeBakey VA Medical Center

Olivia Bergeron-Oakes, O.D.

O.D., Nova Southeastern College of Optometry

RESIDENCY: Primary Care at The Vision Center of West Phoenix

Commencement Ceremony

Natalie Oberer, O.D.
O.D., Michigan College of Optometry
RESIDENCY: Primary Care Optometry at the New Mexico VA Medical Center

Rebeca Pham, O.D.
O.D., University of Houston College of Optometry
RESIDENCY: Ocular Disease at the Community Eye Clinic Fort Worth

Heather Vigo-Sanchez, O.D.
O.D., University of Houston College of Optometry
RESIDENCY: Primary Care Optometry at the New Mexico VA Healthcare System at Albuquerque

Abigail Song, O.D.
O.D., University of Houston College of Optometry
RESIDENCY: Primary Care/Ocular Disease at the Michael E. DeBakey VA Medical Center

Megan McCrory Turner, O.D.
O.D., University of Alabama at Birmingham School of Optometry
RESIDENCY: Primary Care Optometry at the University Eye Institute

Postdoctoral Clinical Fellow

Candidates' names are followed by their graduate institutions and fellowship information.

Jean Thomson, O.D.
O.D., University of Houston College of Optometry
FELLOWSHIP: Corneal and Contact Lens Fellowship at The Texas Eye Research and Technology Center (TERTC)

Doctor of Optometry

Candidates' names are followed by academic honors if applicable; their hometowns, undergraduate institutions, graduate institutions, and fourth-year clinical externship locations.

Yesenia Maria Aguilar
Magna Cum Laude
DICKINSON, TX
B.S., University of Texas at Austin
Cedar Springs Eye Clinic, Dallas, Texas
Clear Lake Eye Center, Webster, Texas

Nandini Amin
CEDAR PARK, TX
B.S.A., University of Texas at Austin
McCormick Vision Source, Austin, Texas
Lakeline Vision Source, Austin, Texas

Omer Amir
CALGARY, AB
B.Sc., University of Calgary
Northside Community Health Center, Fort Worth, Texas
Community Eye Clinic, Fort Worth, Texas

Bryce F. Bowles
RAINIER, WA
B.S., Brigham Young University, Idaho
Hope Clinic, Houston, Texas
Tomball VA Clinic, Tomball, Texas

Amy Caitlin Cantrell
TULSA, OK
B.S., University of Oklahoma
Raymond G. Murphy VA Medical Center, Albuquerque, New Mexico
Indian Health Service, Albuquerque, New Mexico

Ethan Chambliss
SWEENEY, TX
B.S.N., Stephen F. Austin State University
Northeastern State University
Oklahoma College of Optometry, Tahlequah, Oklahoma
Texas State Optical Dowlen Road, Beaumont, Texas

Jacquelyn Chan
SPRING, TX
B.S., University of Texas at Austin
Sharp Eye Consultants, San Antonio, Texas
Northside Community Health Center, Fort Worth, Texas

Nicholas Chang
Magna Cum Laude
HOUSTON, TX
B.S., University of Houston
Signature Eye Care, Austin, Texas
Lakeline Vision Source, Austin, Texas

Madsen N. Cheever
APEX, NC
B.S., Brigham Young University
Diagnostic Eye Center, Houston, Texas
Vision Source Mission Bend, Houston, Texas

Fiona Vinod Cherian
GARLAND, TX
B.S., University of Texas at Dallas
Community Eye Clinic, Fort Worth, Texas
Cedar Springs Eye Clinic, Dallas, Texas

Clay Ramsey Crain
Magna Cum Laude
HUFFMAN, TX
B.S.A., University of Texas at Austin
MyEyeDr. Spring Klein, Spring, Texas
NSU College of Optometry, Tahlequah, Oklahoma

Sterling William Curnutt
ABILENE, TX
B.S., Angelo State University
Community Eye Clinic, Fort Worth, Texas
Mission Eye Care, San Antonio, Texas

Dallin Jayson d'Huart
CAMARILLO, CA
B.S., Brigham Young University
Houston Eye Associates, Houston, Texas
West Texas Eyecare, Fort Stockton, Texas

University of Houston
College of Optometry

Commencement Ceremony

Jackson Christopher Dolce

Magna Cum Laude
PORT NECHES, TX
B.B.A., Lamar University
Northside Community Health Clinic,
Fort Worth, Texas
Plaza Vision Center, Dallas, Texas

Judith Karolina Elias

HOUSTON, TX
B.S., University of Houston
Cedar Springs Eye Clinic, Dallas, Texas
Today's Vision Bellaire, Houston,
Texas

Amera Elsayed

TULSA, OK
B.S., University of Tulsa
M.B.A., University of Tulsa
Hope Clinic, Houston, Texas
NSU College of Optometry,
Tahlequah, Oklahoma

Taeana LaChell Fisher

Magna Cum Laude
AMARILLO, TX
B.S.A., University of Texas at Austin
The Vision Center of West Texas,
Lubbock, Texas
Neuro Vision Associates of North
Texas, Plano, Texas

Morgan Tant Gober

Summa Cum Laude
GRAHAM, TX
B.S.A., University of Texas at Austin
Community Eye Clinic, Fort Worth,
Texas
The Vision Center of West Texas,
Lubbock, Texas

Raley Nicole Gray

Summa Cum Laude
BURLESON, TX
B.S., University of Texas at Arlington
Bellaire Family Eye Care, Houston,
Texas
Community Eye Clinic, Fort Worth,
Texas

The Optometric Oath

With full deliberation, I freely and solemnly pledge that:

- I **affirm** that the health of my patient will be my first consideration.
- I **will** practice the art and science of optometry faithfully and conscientiously, and to the fullest scope of my competence.
- I **will** uphold and honorably promote by example and action the highest standards, ethics and ideals of my chosen profession and the honor of the degree, Doctor of Optometry, which has been granted me.
- I **will** provide professional care for the diverse populations who seek my services, with concern, with compassion and with due regard for their human rights and dignity.
- I **will** work to expand access to quality care and improve health equity for all communities.
- I **will** place the treatment of those who seek my care above personal gain and strive to see that none shall lack for proper care.
- I **will** hold as privileged and inviolable all information entrusted to me in confidence by my patients.
- I **will** advise my patients fully and honestly of all which may serve to restore, maintain or enhance their vision and general health.
- I **will** strive continuously to broaden my knowledge and skills so that my patients may benefit from all new and efficacious means to enhance the care of human vision.
- I **will** share information cordially and unselfishly with my fellow doctors of optometry and other professionals for the benefit of patients and the advancement of human knowledge and welfare.
- I **will** do my utmost to serve my community, my country and humankind as a citizen as well as a doctor of optometry.
- I **hereby** commit myself to be steadfast in the performance of this my solemn oath and obligation.

Recognition and Awards

Doctoral students who demonstrated leadership skills
by holding office in one or more college – or state-level optometric student organizations:

Jackson Christopher Dolce, *STOA President, 2023-2024*
Taeana LaChell Fisher, *AOSA Chair, BSK Treasurer, 2023-2024*
Shelley Ho, *SAAO President, 2023-2024*
Randa Hashim Ibrahim, *NOSA Chair, Community Service, 2023-2024*
Matthew Marinus Keyzer, *BSK President, 2023-2024*
Kierrah Marie Llanos, *AOSA Secretary, 2023-2024*
John Mark McGullion, *AOA PAC Representative, 2022-2023 & 2023-2024*
Laura N. Ojinnaka, *NOSA Secretary, 2023-2024*
Megan Minh Thu Phu, *BSK Vice President, 2023-2024*
Lauren S. Price, *NOSA President, 2023-2024*
Sarah Katherine Yun, *SAAO Vice President, 2023-2024*

Academic Honors

Doctoral students in the Doctor of Optometry program at the University of Houston who meet all degree requirements will graduate with academic honors based on their final grade point averages.

SUMMA CUM LAUDE – 3.75 TO 4.0

Morgan Tant Gober	Anjali Ajay Patel
Raley Nicole Gray	Megan Minh Thu Phu
Cassidy Noel Hill	Adam Ross
Abigail Elizabeth Kasten	Katherine Tran
Matthew Marinus Keyzer	Matthew Tran
Paul Minh Duc Luong	Tiffany Kha Tu Tran
Katie Anh Nguyen	Paige Comeaux Weaver
Nicholas Oudompradith	Judy Jane Xu

MAGNA CUM LAUDE – 3.50 TO 3.74

Yesenia Maria Aguilar	Annie Le Pham
Nicholas Chang	Matthew Quy-Think Pham
Clay Ramsey Crain	Luis Ramirez
Jackson Christopher Dolce	David Aaron Thomsen
Taeana LaChell Fisher	Kelly Maitram Tran
Ankur Yogeshbhai Hingrajjiya	Kenny Tran
Kha-Vi Khuu	Sophia Tuong Vi Tran
Halie Lam	Nathalie Vo
Christelle Nguyen	Samuel Otto Wetzel

2025 GOLD KEY INTERNATIONAL OPTOMETRIC HONOR SOCIETY

Gold Key International Optometric Honor Society recognizes graduating students who have demonstrated outstanding professional and ethical attitudes through leadership and service to their class, college, and profession. Membership is limited to no more than 10 percent of the graduating class. The University of Houston College of Optometry chapter of Gold Key was created in 1974.

College Timeline

1950s

- In 1952, the University of Houston College of Optometry officially opens. Charles R. Stewart, O.D., Ph.D., is named first dean of the college.
- In 1955, the Foundation for Education and Research in Vision is established to increase and promote awareness of vision and its care.
- The College graduates the first class with 11 O.D.s, entering the optometric profession in 1955.
- Mildred Carlisle, O.D., is the college's first female graduate.

1960s

- Faculty member Chester H. Pheiffer, O.D., Ph.D., assumes duties as the second dean of the college.
- The Texas Commission on Higher Education confirms the offering of optometry at the University of Houston, making the college eligible for state support.
- Charles M. Stephens, O.D., becomes the college's 100th graduate.

1970s

- The graduate program in physiological optics is established with the Master's degree in 1970 and the Doctor of Philosophy degree in 1974. The first Master of Science degree is awarded to Norman E. Leach, O.D., a former University of Houston College of Optometry faculty member. The first Doctor of Philosophy degree is awarded to Pierrette Dahaw-Barker, a former faculty member at Salus University's College of Optometry.
- James K. Donovan, O.D., becomes the 500th graduate.
- The J. Davis Armistead Building is completed with both state and federal assistance. The state-of-the-art \$9.6 million building is home to the college's expanding clinical training facilities, vision research laboratories, and classrooms.
- The college of optometry establishes a formal partnership with the Good Neighbor Healthcare Center and on-site optometric services begin.
- William R. Baldwin, O.D., Ph.D., becomes the third dean of the University of Houston College of Optometry.
- The University of Houston College of Optometry's Reading Room becomes an official library recognized by the University of Houston.
- The Nelson Reber, O.D., Eye Open Golf Tournament is established to raise funds for student scholarships and emergency loans.

1980s

- Dan Patterson, O.D., becomes the College of Optometry's 1,000th graduate.

- The University of Houston formally names the vision clinic the Herbert H. Moore Vision Care Clinic, in honor of the popular UHCO professor.
- The Texas Optometry Career Opportunities Program (TEXOCOP) is created with grant funds contributed from the U.S. Department of Health and Human Service Administration.

1990s

- Karen M. Conway, O.D., becomes the college's 2,000th graduate.
- The Weston A. Pettey Library is dedicated to honor Dr. Pettey's tireless efforts on behalf of the University of Houston College of Optometry and the profession. The Reading Room is named to honor Dr. Irvin M. Borish for his achievements in the profession.
- The college building is formally named the J. Davis Armistead Building in recognition of Dr. Armistead's enduring efforts benefiting the college, university, and the profession. Dr. Armistead is known for being the optometrist to singer Buddy Holly and having a hand in selecting the famous black frames.
- Jerald W. Strickland, O.D., Ph.D., is named the University of Houston College of Optometry's fourth dean in 1991.

2000s

- Seren D. Ngin, O.D., becomes the college's 3,000th graduate in 2001.
- The University of Houston College of Optometry celebrates its 50th Anniversary.
- Earl L. Smith III, O.D., Ph.D., is named the fifth dean of the University of Houston College of Optometry in 2003.
- The University of Houston College of Optometry debuts its Mobile Eye Institute, designed to provide eye care throughout the Houston area in support of community care and disaster relief.

2010s

- The Molly and Doug Barnes Vision Institute within the new Health and Biomedical Sciences Building breaks ground in 2010 and officially opens in 2012.
- In 2012, the college opens the first ambulatory surgical center affiliated with a college of optometry providing state of the art surgical care and training on site.
- Bridget Ducote, O.D., becomes the 4,000th UHCO graduate in 2012.
- In 2013, Earl L. Smith III, O.D., Ph.D., is appointed to serve as the Interim Chief Health Officer for the university, and Roger L. Boltz, O.D., Ph.D., is appointed to serve as the college's Interim Dean.

Commencement Ceremony

- J. Davis Armistead, O.D., passes away in 2014. He was the first O.D. to serve on the UH Board of Regents and completed two terms, the longest of any optometrist. He served as an advocate for the college, university, and profession until his death.
- The college establishes the Simulation Lab in 2014 giving students state-of-the-art virtual simulators to help students learn patient examination skills. Later, the college acquires Anatomage Virtual 4D Anatomy Tables designated exclusively for optometry students. Advanced technology allows students to visualize structures in four dimensions.
- In 2015, UHCO establishes eye and vision care services at the Hope Clinic in Houston, a Federally Qualified Health Center where students provide healthcare services in 14 languages, including Mandarin, Cantonese, Vietnamese, Korean, Burmese, Arabic, and Spanish.
- The college establishes the Hall of Visionaries, naming Bill C. Benedict as the first inductee in 2015.
- In 2016, James H. Dienst, O.D., '89, is promoted to Brigadier General and is the first optometrist to achieve the rank of general in the Air Force. He received the prestigious Air Force Optometrist of the Year Award in 2001.
- Suzanne Ferimer, Librarian for UHCO's Weston A. Pettey Library, is presented with the Medical Library Association President's Award in 2017. This is one of MLA's highest honors and recognizes those that have made outstanding contributions in the field of health sciences librarianship.
- Ronald S. Harwerth, O.D., Ph.D., becomes the second inductee into the Hall of Visionaries.
- The college's 100th scholarship endowment is established in 2018 providing merit-based awards for optometry students.
- Roger Boltz, O.D., '72, Ph.D., '78, is recognized for his 40 years of service to the college. He joined the college's faculty in 1978 as an assistant professor, retiring in 2018 after 40 years of service. In addition to teaching and working in the cornea and contact lens clinic, he served in a variety of roles including chief financial officer, interim dean, associate dean for finance and administration, and associate dean for professional studies.
- In 2019, following an international search, Michael Twa, O.D., Ph.D., is selected as the University of Houston College of Optometry's sixth dean.

2020s

- In 2020, the world responds to the COVID global pandemic. Teaching activities and patient services are quickly and drastically modified to maintain public health and student training progress. Online education and telehealth become urgent priorities.
- In 2023, Danica Marrelli, O.D., and Amber Gaume, O.D., become the first non-tenured faculty to hold endowed chairs.
- Between 2020 and 2024 the college hires 40 new faculty.
- The University of Houston launches 50 in 5, an initiative to increase research funding in five years. The college of optometry increases research funding by more than 100% in less than three years.
- In 2023, the College of Optometry is ranked 27th nationally in National Eye Institute research funding, surpassing UC Berkeley and all other public universities in Texas.
- The college awards more than \$1 million in student scholarships, annually.
- In 2024, Dean Emeritus, Earl L. Smith, III, O.D., Ph.D., joins Bill C. Benedict and Ronald S. Harwerth to become the third inductee into the college's Hall of Visionaries.

Invitation

At the conclusion of the ceremony, the College of Optometry and our foundation will support a reception celebrating our newest alumni.

We invite all our graduates and guests to join us for light refreshments as we honor the Class of 2025.

University of Houston Health 1 Building
The Doctors of Texas State Optical Alumni Education Center

ENHANCING HEALTH AND VISION FOR LIFE

Message from the UH Alumni Foundation Board President

Let me be the first to welcome you to the UH Alumni Association. You are joining a global network of over 305,000 Cougars. With your participation, we can only grow stronger. As you embark on this next chapter, know that your Alumni Association is here to help you stay connected with your beloved alma mater. From volunteering at an event, joining an Association or Network, signing on to UH Link, to becoming a

Life Member, the opportunities to engage are endless.

Please scan the QR code below to enjoy all the activities that soon await you. In the meantime, savor this moment and continue to soar.

True we'll ever be and Go Coogs!

Shazia Khan

Shazia Khan ('84)
