

## Something Special About Me

# Noah Alexander

"When I am not learning and working towards becoming a Data Scientist, I enjoy listening to history podcasts, spending time with friends, cheering on Cougar sports, juggling, and providing leadership to Cru."

"When Noah isn't busy learning and working towards becoming a Data Scientist, he enjoys listening to history podcasts, spending time with his friends, cheering on Cougar sports, juggling, and providing leadership to Cru."

## Something Special About Me

# **Lynnsie McBride**

" I am currently training for a half marathon that will take place on March 26th, and I am working at a children's psychiatric hospital and hope to be a pediatrician in the future! "

## Something Special About Me

# Leonard Osorio

“As my friend said, I have particularly strong listening abilities, so I can easily understand people's problems and effectively solve it.”
