UNIVERSITY of HOUSTON | MATHEMATICS

Charles P. Benner Scholarship Guidelines

The requirements for the Mathematics incoming freshman scholarship are:

- Student must show a strong interest in the area of Math and must have a proven record of success in all courses pertaining to this discipline.
- Student must have selected Math as their Major.
- Student must have a 3.5 GPA or higher in Math and overall GPA score is required.

The requirements for the Mathematics returning student scholarship are:

- Student must be classified as a sophomore, junior or a senior Math major.
- Student must have successfully completed at least 30 hours at the University of Houston.
- Student must have a 3.5 GPA or higher in Math and overall GPA score is required.

The offer of these scholarships should be made via letter or email using the student's directory or admissions information. If and as required by the donor agreement, the letter should state the scholarship award name.

Scholarship Committee for all Math Major Scholarships:

1.) Bernhard Bodmann, Professor of Mathematics (Chairman)

2.) Gabriela Jaramillo, Professor of Mathematics (Director of Undergraduate Studies)

3.) Nicholas Leger, Instructional Associate Professor of Mathematics (Assoc. Dir. of Undergraduate Studies)

New Freshmen majoring in Mathematics will be considered, provided they have a strong interest in and aptitude for mathematics and a proven record of success in previous math courses. Interested freshman students may contact the Director of Undergraduate Studies.

Returning students will be considered if they are majoring in Mathematics, show progress toward their degree, have a high cumulative grade point average overall and in mathematics, and have completed a significant number of hours at UH. Qualifying students will automatically be considered. There is no application required.
