

Veteran Services
Division of Student Affairs

We are excited to share our plans for a new Veteran Services program, **AIMS: Academic Integration for Military-Affiliated Scholars**. This initiative aims to support and guide our military-affiliated student community as they transition into higher education by ensuring successful social, academic, and institutional integration. We kindly request one-time funding support to ensure this program's successful launch. This financial assistance will enable us to hire a dedicated graduate assistant who will play a pivotal role in the program's implementation, contributing to our veteran students' academic success and well-being.

Your support would empower our military-affiliated scholars and strengthen our commitment to their educational journey. We believe that with your assistance, we can make a lasting impact on the lives of these deserving students.

Thank you for considering our request. We look forward to discussing this proposal further and providing additional details about the **AIMS** program.
